

PECKHAM HERITAGE

THE PECKHAM THI (TOWNSCAPE HERITAGE INITIATIVE) building projects were completed in Autumn 2022. Through the THI, nine historic buildings in Peckham town centre were restored, and alongside, the Peckham Heritage Regeneration Partnership (PHRP) developed a range of projects to support and encourage community involvement in Peckham's built and social heritage.

2 of the THI buildings - 100 and 102 Peckham High Street

The final THI event is the publication in Spring 2024 of ***“PECKHAM'S HERITAGE - PAST, PRESENT AND FUTURE”***, a collaborative book by Derek Kinrade, Benedict O'Looney and the PHRP.

With the completion of the THI, the PHRP has evolved into a new local community group - **PECKHAM HERITAGE** - to carry on the work of the THI and the PHRP, and explore and support the various forms of heritage in Peckham.
