

PECKHAMVISION

for an integrated town centre

Peckham Vision Exhibition

at launch of Peckham Levels
8th – 10th December 2017
on the ramp between Levels 5 & 6

Peckham Vision is a citizens' action group. We value the diversity and vibrancy of Peckham, and work together to help ourselves and others to engage with shaping the future of Peckham town centre, making it a better place for us all to live and work in and to visit. We

- develop opportunities for the community to influence changes,
- create opportunities for people to make connections locally,
- try to improve how the authorities relate to local citizens and the local community,
- believe democracy needs informed citizen participation.

We have a studio in the Bussey Building within the Copeland Park Cultural Quarter of Peckham, and a shop in the historic Holdrons Arcade in Rye Lane. Peckham Vision has an extensive on-line presence through the website and social media, and frequent news up-dates.

THE PECKHAM MULTI STOREY CAMPAIGN

The Council proposed the redevelopment of the Peckham Multi Storey site in 2012 in the draft PNAAP (Peckham & Nunhead Area Action Plan). Following representations by local people at the PNAAP Public Hearings in 2013, the Planning Inspector removed the site from the Plan and said the Council should review the building's long term potential before taking a decision to demolish.

Peckham Vision created a campaign for public discussion about the building's future. This included suggesting to the Council a variety of interim uses of the empty car park levels to test the potential before final decisions. Instead the Council sought tenders to use the empty levels until redevelopment. The contract was let to MakeShift to set up Peckham Levels for 5 years.

The three panels displayed here illustrate aspects of the community campaign since 2013 for a review of the building's long term potential. In April 2017, over 5,300 people wrote to the Council to object to the demolition plan and seeking the review the Planning Inspector had recommended. In September 2017, Peckham Vision nominated the building as an Asset of Community Value (ACV).

The Council then in October 2017 took the site out of the New Southwark Plan meaning it was no longer designated for redevelopment, and they extended the leases of the current businesses for 15 years. In November they announced they had accepted Peckham Vision's nomination and listed the building as an Asset of Community Value, giving it more protection.
