

# ONE WAY BUSES FOR RYE LANE?

Southwark Council is consulting on a **one way option** for Rye Lane. This means a walk of **600m** from Peckham Rye Station to the nearest bus stop at Nigel Road or Peckham Library.

**Seamless connections between bus and rail? Under the one way option, NO LONGER**

Peckham Rye Station is one of the busiest outside central London with 7m passengers a year. ***But it could be the only major station without two way bus connections.***

Peckham Rye Station is due for a £40m makeover with lifts to all platforms. But without bus connections **how do people with disabilities get safely home?** Worse too -

- if you're elderly or infirm
- have heavy shopping or luggage
- with young children
- a woman having to walk late at night down Rye Lane
- or just a local resident wanting to get home quickly and safely

IF YOU WANT TO KEEP YOUR BUS SERVICE, **VOTE TO RETAIN THE TWO WAY OPTION** here:
