Map of Peckham Town Centre

(Shopping streets are marked in red)

Rye Lane Traders' Association

Working for an *integrated* town centre

Aims

- To encourage communication between members
- To identify common concerns and interests and take appropriate actions
- To establish good relations with community - residents and shoppers
- To establish good relations with the council, police and other organisations
- To help in promoting members' businesses
- To contribute to actions that will promote the town centre as a commercial shopping and leisure area

Why should I join?

- To be kept up to date with important, changing issues
- To become involved and influence decisions about the town centre
- To network with other businesses and traders
- To take advantage of training opportunities
- To be part of a coordinated, independent voice in negotiations with the local authorities
- To have somewhere to go for help when things go wrong
- To enjoy the first year of membership free

Achievements through partnership

- Supported an important Trade Waste and Recycling proposal that has been made to The High Street Challenge Fund in partnership with Copeland Park and Peckham Vision
- Aided the successful delivery of the Traders' Training pilot project in partnership with Pecan and Peckham Vision
- Actively contributed ideas for the improvement of the town centre public and urban realm, working with the council and other organisations like Sustrans Pocket Places
- Signed a Customer Charter, in collaboration with the council and a local consumer group, committing retailers and the community, to making Rye Lane a better place to live and work

31 January 2013, RLTA arranges visit of Harriet Harman MP to traders' in Rye Lane

Working with the community

- The RLTA took up the concerns of shoppers and local residents regarding the absence of public toilets in Peckham town centre. Over 4000 signatures were delivered to the Peckham and Nunhead Community Council meeting

30 September 2013 – Public toilet petition deputation

The future

- Potential development projects could include community skills development, in which local traders and residents come together to explore their mutual needs and interests
- Forthcoming discussions with the Police will, it is hoped, create an opportunity for 'Traders Watch', an initiative to help make Peckham a safer place for all who work and visit here
- The RLTA will be leading the way to a cleaner, greener town centre If the Trade Waste and Recycling proposal is given the go ahead
